

WE NEED YOUR SUPPORT.

More than 1,000 Indiana residents and 100,000 people throughout the country await a lifesaving organ transplant.

Indiana Donor Network Foundation is a 501(c)(3) subsidiary of Indiana Donor Network. The foundation provides financial assistance to transplant recipients for medication costs, supports donor families through their grieving process and beyond, provides scholarships for students affected by donation and transplantation, and helps elevate awareness about the importance of organ and tissue donation.

It takes a village to live our mission. The foundation is fortunate that so many individuals, businesses and organizations support our cause through special events we host throughout the year.

To save lives in 2022, Indiana Donor Network Foundation needs you. Through financial gifts, sponsorships, event participation or in-kind donations to our foundation events, please consider playing an integral role in the miracle of donation and transplantation this year.

Sincerely,

A handwritten signature in black ink that reads "Kellie Tremain".

EVENT SNAPSHOT

Date: Friday, March 4, 2022

Location: Biltwell Event Center, Indianapolis

Attendees: Approximately 250 guests, including business and healthcare executives, clinicians and community partners

This formal event supports the Indiana Donor Network Foundation Angel Fund. The Angel Fund was established in 2014 to provide assistance to transplant recipients who could not otherwise afford their medications. Recently, we added another element to that mission: To provide additional grief support to the families, specifically children, of donor heroes. All proceeds from the Angel Fund Gala directly benefit these two worthy causes.
